

Junior Mechanic

Company Profile

Aircrete Europe is an experienced project organization and technology provider for innovative building solutions for the international Autoclaved Aerated Concrete (AAC) industry. For over 40 years, Aircrete Europe is delivering the most innovative turnkey AAC plants and cutting-edge plant technology around the world, using advanced technologies and process know-how as the foundation for unique and tailored plant solutions. Our main service is the design, construction, and start-up of new AAC factories worldwide.

Job description

The position of Junior Mechanic is a very dynamic and all-round position in the company. You are expected to assist and support in the assembly and disassembly, installation, commissioning, maintenance, and repair of the Aircrete machines. These activities will be carried out in the Twente (75% of the time) and on locations of our customers (about 25% of the time). As a Junior Mechanic you will work together with experienced Aircrete Mechanics and you will work under the direct supervision of the Operations Manager.

The main activities of the position are aimed at

- Supporting the assembly / disassembly activities of the Aircrete machines (regionally and on location abroad);
- Supporting export preparations of goods;
- Organizing and structuring the in-house storage location (receipt of goods, loading / unloading and other additional tasks);
- Supporting installation and commissioning of Aircrete machines on location at customers.

Job requirements

- At least a completed technical education at MBO level 3;
- 2+ years of relevant experience;
- Affinity with mechanical and electrical engineering;
- Practical, hands-on and creative;
- Able to communicate in English and/or Dutch;
- Given the international project environment, a flexible and driven attitude is required
- Result-oriented, able to keep to deadlines without losing attention to detail.

Contract Details

- Full-time position, based on 40 hours per week;
- Contract duration: Annual contract with option for permanent appointment;
- Market-based salary and fringe benefits;
- Growth path (in responsibilities and salary).
